

COME BUILD WITH US

Volunteer groups are a critical part of our work and provide much needed construction support. Volunteer work accounts for 50% of our construction labor and together we are making homeownership possible for another hardworking family who deserves a safe, healthy, and affordable home.

We are continuing to follow CDC mandates as well as local and city guidelines regarding COVID-19:

- Providing masks*, gloves, hand sanitizer to all volunteers
- Setting up hand washing stations for use on site

*We reserve the right to make changes to COVID protocols without notice

“As an electrician who has volunteered on a few HFH projects I have seen the great results of families safely and proudly housed.”

- Robert Fairchild

In the interest of safety, we ask that all volunteers abide by the following protocol:

Safety equipment is required on-site

Be responsible for all personal possessions brought to the site

Wear comfortable & safe clothing when at the site. Closed toe shoes required
